Interrupted Stay Tracker

Instructions: Complete information on all Medicare residents at the time of PPS discharge to determine if the interrupted stay policy was met, if so collect payer type during interruption and track if census and billing was completed appropriately.

Resident Name	PPS Discharge Date	Day 1 of Interrupted Stay (equals day of physical discharge or first non-skilled stay if remains in facility)	Met interrupted stay policy if readmitted by 11:59pm on this date (auto populated)	Date returned to skilled care	Interrupted stay policy met?	Medicare Coverage Policy met?	PPS DC Assessment Required?	If Interrupted stay, what is the payer during interruption window	Days correctly assigned in census?	Days billed appropriately on UB-04
